Frank Palmasani, author of *Right College, Right Price* will discuss how you can maximize your opportunities for scholarships and grants – thus reducing your college sticker price. He will also share his unique method of finding “financial fits,” affordable college options.

Frank Palmasani has been a staunch advocate of paying for college without excessive debt for over 36 years. He has spoken to thousands of parents at seminars during that time, presented at counselor conferences, and been interviewed by radio and TV outlets across the country. His enthusiastic style will keep you interested in this important topic.

On **Tuesday, October 19th at 7pm**, we have set up a zoom meeting with Frank so that he can answer any of your questions. After you watch the video, use this link and you will be able to attend this session and type in your questions. He will answer all questions at that time!
